

Greater Gators

Building Fluency: adding two digit numbers, comparing numbers

Materials: gameboard, pair of dice, recording sheet, 5 markers for each player

Number of Players: 2

Directions:

1. Player 1 rolls the dice. Player 1 uses the numbers rolled to create a two digit number and writes the number on the recording sheet.
2. Player 2 rolls the dice. Player 2 uses the numbers rolled to create a two digit number and writes the number on the recording sheet.
3. Continue in this way until each player has four two digit numbers.
4. Each player adds his four two digit numbers together.
5. The player with the greater sum wins the round and places one of his markers on the ten frame.
6. Repeat the steps for each round.
7. The winner is the first player to have five markers on the ten frame.

Variation/Extension: Students can compare numbers and determine the smaller of the two sums OR for students who have mastered two digit addition with four numbers can begin working with three digit numbers.
