

What Is Your Dream Occupation?

1. Cut out the data. At each table group, each participant should write his/her dream occupation to add to the data.
2. As a table group, decide on a question you would like to answer about occupations. Organize the data to help the question.
3. You may want to organize the data in different ways before deciding on a question to ask.

lawyer	astronaut	weather forecaster	musician
web designer	physician or surgeon	teacher	cruise director
clothes designer	professor	gardener	actor or actress
basket ball player	dancer	finance manager	wine taster
photographer	veterinarian	chef	engineer
