

What part is blue?

Create the design below with pattern blocks.
Then answer the questions below about the design.

For each question below, give your answer and tell or show how you know using the picture above or your own drawings.

1. What fractional part of the design is blue?
2. What fractional part of the design is green or red?
3. Is the blue part larger or smaller than the red and green parts together?
4. What fractional part of the design is yellow?
