

Chop It Up!

- Play in pairs.
- Build a 5 tower of snap cubes and place it behind your back
- One player says “Chop it up” and each player breaks their tower and holds a part in each hand
- Compare the tower in the right hand to see who has more cubes

More Chopping!

- Combine the two towers from the right hands of both players and say the sum
- Is the sum of the two towers more than five, less than five, or five?
- Combine the two towers from the left hands
- Is the sum of the two towers more than five, less than five, or five?
